SEO Settings

General Settings · https://wpcoachify.com/docs/seo-settings/

Embedded media: https://www.youtube.com/embed/CnRZVzSOd_g?feature=oembed

The SEO settings comprises of the Breadcrumb setting and Post Date setting for the website. You can access it via **Admin Dashboard > Appearance > Customize > General Settings > SEO Settings.**

Show Breadcrumb: Enable this option to display breadcrumb on your website.

Breadcrumb Home Text: Enter the text with which you want to represent the Homepage on the breadcrumb.

Separator: Select the type of separator that you prefer.

Show Last Updated Post Date: Enable this option to display the date when a post was last updated. When you enable this, Google can read the post updated date and index your latest content
